Former Countians Narrowly Escape Collision Injuries

A near tragedy was miraculously avoided last Friday morning when a passenger train struck an automobile at East Mansfield, Ohio. Occupants of the car were Mrs. Avonelle Joseph and one year-old daughter Deborah Louise and Mrs. Sybil Johnson, daughter of Mrs. Polly Bates of Mayking, and her son, Alan Dale, five years old. The car, a 1954 model, was being driven by Mrs. Joseph and apparently had stalled on the railroad tracks as she had attempted to cross. Luckily the train was only going 15 miles per hour preparatory to kicking off mail at the near by station.

Mrs. Joseph received slight injuries for which she was hospitalized, the other occupants were not injured at all. The left side of the car was completely demolished.

Sen. Fields Named To Committees on Labor and Industry

Frankfort, Ky., Jan. 16—Senator M. B. (Tug) Fields, Democrat, Hazard, has been named to Senate Committees on Labor and Industry; Public Utilities; Suffrage, Election and Constitutional Amendments; and Military Affairs and Civil Defense for the present session of the General Assembly.

He is vice-chairman of the Committee on Labor and Industry.

Senator Fields, who represents the Perry and Letcher District is serving his first regular session in the upper branch of the General Assembly.

TREES AVAILABLE FOR LETCHER COUNTY FARMERS

Price lists and order blanks for trees to be used in reforestation and wildlife planting are now available. Cecil Hensley of the U. S. Soil Conservation Service announced today. Although there are still several months before planting time, landowners who delay placing their orders may be disappointed in the spring. Mr. Hensley pointed out that frequently in past years, late orders were returned because the supply of desirable trees was exhausted.

Farmers and others who are cooperating with the Letcher County Soil Conservation District will plant about 175,000 trees and shrubs in 1956. Last year, as part of their soil conserving program they planted 153,000. These plus the many thousands planted previously are covering up bare, eroded soil, growing into useful products, furnishing valuable habitat for wildlife and are improving the general appearance of the landscape in Letcher County.

Mr. Hensley went on to say the trees that were available were as follows:

White pines, loblolly pines, short leaf pines, yellow poplars, white oaks, black locusts, and scotch pines. All these trees are seven dollars a thousand and are for timber production except the scotch pine and it is ten dollars and for Christmas tree production.

These trees will be shipped by a state forestry truck and should be in Whitesburg about March 1st.

Order blanks for trees may be obtained at the Soil Conservation Service Office, the ASC Office, at the County Agent's Office, or from the County Forest Ranger.

Hensley said, "Many farmers have done some excellent work in reforestation."

Jenkins Woman Honored Guest In Gadsden, Ala.

Miss Patricia Mink of Jenkins, Kentucky, was named the official "Guest of the Week" in Gadsden, Alabama on Jan. 6 and was awarded cost-free overnight accommodations, meals, gasoline and entertainment for the duration of their stay.

Miss Mink was enroute to Montgomery, Alabama from Jenkins when she was "arrested" by city and Chamber of Commerce Officials who overtook her in a police radio car, issued a hearty welcome and informed her of her good fortune.

Vastly relieved at finding that she was not under arrest, she agreed to accept the Southern Hospitality of the North Alabama community.

It is anticipated that a new "Community Guest" will be selected from out of state cars passing through Gadsden on every Friday throughout the year.

Rep. Caudill Named To House Committees

Frankfort, Ky., Jan. 16—Representative Harry M. Caudill, Democrat, Whitesburg, has been named to House Committees on Judiciary, Labor and Industry, Revenue and Taxation, and Suffrage, Elections and Constitutional Amendments.

Representative Caudill is serving his second term as a member of the General Assembly.

Williams Brothers Purchase Combs Motor Company

This week we learned that the Combs Motor Company which has been under the management of H. Combs Jr., was sold to the Williams Brothers, Jimmy and Colson, along with their father, Colson Williams. Sr. Jimmy, acting as spokesman for the group said that extensive repairs would be made to the building and surroundings before an official opening date will be set.

Jimmy is owner and manager of the Williams General Electric Company in Whitesburg.

Judge Bert Combs Moves to Floyd in Seventh District

Judge Bert T. Combs, defeated for the Democratic gubernatorial nomination by now Gov. Chandler, said Friday that he planned to move to Prestonsburg this week to resume the practice of law and to engage in "coal business in a small way."

Combs, son of Steve Combs and the late Mrs. Martha Combs of Manchester, was former Judge of the State's Highest Court, City Attorney of Prestonsburg and former State's Attorney of the Floyd County judicial circuit.

Combs worked his way thru school earning money while working in a drug store. He graduated from Clay County High School with honors.

Rep. Gay Named to House Committees

Frankfort, Ky., Jan. 16—Rep. Clay Gay, Republican, Hyden, has been named to House Committees on Agriculture and State Fair, State and County Government, Suffrage, Elections and Constitutional Amendments, and Transportation and Highways for the present session of the General Assembly.

Representative Gay is serving his first term as a member of the General Assembly.

Uncle Bill Banks Dies At Home On Tuesday

The many friends of Will (Bill) Banks were grieved to learn of the death of his home early Tuesday morning. Mr. Banks, 87 years old, had been in declining health for several years, but seriously ill only a short time. He was a very devout Christian and was often heard to express a belief in the Great Beyond. Before retirement he was a teacher in Letcher County and is well known throughout the county where his passing is mourned by many of all ages. He is survived by the wife, Susan Day Banks to whom he was married fifty-seven years and one son, Mayor Arthur Banks with whom he made his home. One grandson, Cadet Billy Banks of M.M.I., also survives. One daughter preceded him in death at the age of fifteen years.

Funeral services were held this morning at the Little Cowan Church with Revs. Bernard Banks and Jess Gilly officiating. Burial took place in the Little Cowan cemetery with Craft's in charge.

Active Pallbearers were Remous Day, Wallace Day, Bert Banks, Woodrow Jones, Victor Banks, Earl Banks, Cassel Caudill, Charlie Banks.

Honorary Pallbearers were Fritz Maggard, Lawrence King,

Russell Jones, Worley Sturgill, Blaine Polly, Ernest Blair, Cecil Webb, Glen Stallard, French Hawk, Dr. J. E. Crawford, Burl Combs.

Two Perry Miners Killed in 2 Days

Dorris Walker, 56 years of age, of Harveyton, was killed in a mine accident at the Pigeon Roost Coal Company on Monday. He became Perry county's second mine fatality in two days. The other victim was Willie Bowling, age 52, who was digging coal in a mine near his home at Lost Creek. The two mines are only a few miles apart.

Walker is survived by his wife and a son. Bowling is survived by his wife, one son and five daughters.

Weather Conditions Somewhat Improved

Weather is somewhat improved today over that of the weekend. School was dismissed last Friday due to icy roads and severe cold. Many mines were closed because trucks were unable to reach the mines. According to weather reports the western parts of the state are due to have snow today with this section due rain and sleet probably turning to snow.

SPECIAL MEETING OF WATER COMMISSIONERS

There will be a special meeting of the Whitesburg Water Commissioners on Tuesday, January 24th at 1:00 p.m. Anyone having a complaint concerning bills, etc., may appear before the board at this time.

Jaycees Seek Pet Food Mfg. Plant For Community

Below is a letter from Burton Hill, president of Hill Packing Company, makers of Pet Food for 47 years Hill is looking for new locations. This letter was sent to the Whitesburg Jaycees in hope that they may find a location for their company.

If you are a citizen of this community who would like to have a new industry come to Whitesburg, read this letter carefully and notify any Jaycee member, if you have a prospective sight in mind.

"Dear Sir:

We are wondering if you have the time and would be kind enough to see if you could help us locate any properties that would be suitable for our needs. We are interested in establishing a Pet Food manufacturing plant in your location and employing local people. We have been manufacturing Pet Food for over 47 years and anything you can do on our behalf would be greatly appreciated.

We prefer buildings to lease or purchase, which have refrigeration or freezing facilities; however, any building would be considered if it had sewer connections (or where sewer connections could be made) and availability to water supply. A few acres would be preferable to just a lot or two.

Listed below are plants which could be adapted to our business needs: (1) Poultry eviscerator plant. (2) Cold storage plant. (3) Creameries. (4) Produce houses. (5) Slaughter houses. (6) Packing houses. (7) Ice plants (8) Locker plants. (9). Vacant building (where the building has cement floors and sewer connections, preferably with refrigeration at outskirts of town with or without railroad sidings.)

Possibly some of the above might be available for lease, even though they are presently operating, possibly at a loss or not making much profit.

Yours very truly,
HILL PACKING CO.
Burton Hill."

Rep. Harry Caudill Proposes House Bill

Frankfort, Ky. — Sale of candy and soft drinks on school premises would be banned while school is in session, under terms of a bill offered in the House by Rep. Harry M. Caudill, Democrat, Whitesburg. He proposed to exempt the ban on sales for athletic contests held after regular school hours.

Oscar Lewis Still Confined to Hospital

Oscar Lewis still confined to Sharon Heights Hospital, is thought to be improving slowly, but unable to return to his home as anticipated the first of the week. Mr. Lewis has many friends who wish him a speedy recovery.

Urges Parents to Vaccinate Children Soon As Possible

Dr. R. Dow Collins, M. D., Director, Letcher County Health Dept., today reminded parents that the eligible children should be vaccinated against polio as promptly as vaccine is available, to be protected before the 1956 polio season. Children aged 1 to 20 years are now eligible for Salk vaccine shots in this county.

"The fight against polio next summer is being fought now," Dr. Collins said. "If vaccination is left until the last minute before the polio season it cannot be completed in time. Indeed, it may prove impossible to vaccinate so many children all at the same time."

Dr. Collins pointed out that the present schedule for polio vaccination calls for three injections, two about a month apart, followed by a third seven months later.

"Therefore," he said, "it takes eight months for the full series. A child receiving his first shot on Jan. 1, for example, would not be due for his third shot until late August. Two shots will provide reasonable protection for the coming polio season, but the third is the one that gives long-lasting protection."

"According to the U. S. Public Health Service," Dr. Collins said, "reports on approximately five million children in 11 states show that the vaccine used in 1955 was 76 per cent effective in preventing paralytic polio, even though many children had received only one shot just before the epidemic season. As figures from a wider area are received, the effectiveness percentage is increasing."

A Statement from Mr. Hassel Stamper, New State H'way Foreman

Since I have accepted the position as the State Highway Maintenance Foreman as of Jan. 16, and am now on duty, I wish to take this opportunity to express my appreciation to the many good citizens who have shown so much interest in my behalf on accepting the job.

I want to ask you to be patient and give us a chance to get acquainted and organized in our work and I will assure you that I will do everything possible to do a good job in maintaining the old roads and getting new roads in Letcher county.

In talking with Gov. A. B. Chandler at his home in Versailles he assured me that he was very grateful to the people of Letcher County, both Democrats and Republicans for the majority of over 1400. He says he hopes to do great things for Letcher County and for Kentucky as a whole. He also assured me he was behind me all the way on the Highway job for which I am very grateful.

I feel like the appointment of Mr. J. B. Wells of Paintsville as Rural Highway Commissioner is a fine thing for our section and for Kentucky as a whole, since Mr. Wells knows the needs of our section of the State in the line of roads and knowing Mr. Wells as I do I feel sure he will do a job we can be very proud of him.

I have been hearing it rumored over the county that some certain people have said they plan to send every person they can to me to get a job on the highway, therefore I would like to say the jobs are all filled at the present time and if you are approached by one of these persons I would like for you to ask what aim they have in mind, by doing so, then decide for yourself if they are interested in the welfare of Letcher County. Mack Bentley Is Called By Death; Was Policeman Of Neon For Many Years

A Friend Passes . . .

It is with a deep sense of sorrow that we record the death of Mack Bentley of Neon in our publication. Mack as every one knew him was loved and admired by his fellow townsmen. He always had a pleasant smile on his face and more often than not was a bit on the humorous side. Mack stood by his convictions, and was not easily swayed once he had made up his mind which gave not only himself but his friends and family strength and faith to go on. We had the unhappy duty to record the death of one of his fine sons who gave his life in World War II and we can see the sadness that was in his father's face when he talked about him. We wish to extend our heartfelt sympathies to the immediate family of Mack and Uncle Zack.

Mr. Bentley had served Neon as town counsillman, town Marshal, Judge pro-tem and other official activities.

Mack Bentley, age 58 years, passed away at the Fleming Hospital on Friday, January 13th, following an illness of three months. He had been a resident of Neon all his life and was a Christian. Preceding his death he was Chief of Police at Neon. Survivors include the wife, Ada Franklin Bentley, to whom he was married in 1920 and the following sons and daughters: Isaac and Johnny of Neon, Mack Jr., Cleveland, Ohio; Ruby Smith and Sally Bentley, Neon, Louise Hall, Fleming; Collene Flack, Memphis, Tenn.; Margaret Kunkle, Ft. Knox, Ky. Surviving brother is Zack Bentley of Neon and Mrs. Sarah Anderson of Carr Creek is the surviving sister.

Funeral services were held on Sunday at the First Church of God, Neon with Revs. Clay Arnold and Wardie Craft officiating. Burial took place in the Potter Cemetery at Neon with the Craft Funeral Home in charge.

Two Big Stores Having Sales

This week Dawahare's Big Sale still continues offering many attractive bargains to the public at, in some cases, half price. Dawahare's, "among Kentucky's better stores," have semi-annual clearance sales to make way for new merchandise.

The Whitesburg Bargain Store under the management of Hoover Dawahare, is distributing beautiful two-page hand bills offering many wonderful bargains for their customers.

Franchise Given E. Ky. Beverage

East Kentucky Beverage Company has been given Orange Crush franchise and distribution started January 9th—introducing the king-size clear bottle of Orange Crush.

This Company is serving Perry, Knott, Letcher, Breathitt and Leslie Counties.

Orange Crush, states a representative of the Company, is the world's largest selling orange soft drink—having been sold on American markets for 40 years.

ellen, Clossplint and High Splint, were across Big Black Mountain. Another line was on Yancey Mountain and one was between Black Star and Ligett.

Seven crews of men, many working 40 hours at a stretch battled the foot-deep snow to restore the lines.

Mrs. Ben Kilgore, left, director of Kentucky's State Parks, is shown at the entrance of My Old Kentucky Home, at Bardonia. With Mrs. Kilgore is the shrine's new manager, Mrs. Joseph Wycoff. Mrs. Kilgore announced the appointment of Mrs. Wycoff on her first official tour of My Old Kentucky Home. Mrs. Wycoff, a resident of Bardonia for the last eight years, is active in civic and political circles in Nelson County.

Administrator Named

Frankfort, Ky. — Morton Jett, Paducah, an insurance official for many years and World War I veteran, was named by Governor Chandler to membership on the State Alcoholic Beverage Control Board as Distilled Spirits Administrator. He succeeds to the post vacated December 12 by John E. Kirksey, also of Paducah.

Other members of the Beverage Board are Alfred S. Portwood, Versailles, chairman, and Ernest Thompson, Lexington, Malt Beverage Administrator.

Ruling Given

Frankfort, Ky. — The seal of the Commonwealth is public property, and may not be converted to private commercial use, the Attorney General's office ruled.

A Long Island firm sought an opinion on the subject which brought a reply from Assistant Attorney General Hugh L. Hollingsworth that "it is the public policy that said seal should be used only for public purposes—and it would be illegal for any private person, association or group to undertake to use the seal or a simulation of it for private commercial purposes."

Board Appointed

Frankfort, Ky. — Governor Chandler named five new members of the State Fair Board and reappointed a former member who had resigned from the previous Board.

Named to the Board were Archibald P. Cochran, Louisville, president of Cochran Foil Company; J. Stephen Watkins, Lexington, engineer and former Commissioner of Highways; John Fred Williams, Ashland, vice president Ashland Oil Company; Leonard W. Preston, Glasgow insurance man and cattle raiser; H. G. Whittenberg, Louisville, contractor and saddle horse raiser, and Smith D. Broadbent, Jr., Cadiz, president of the old Board.

Governor Praises Workers

Frankfort, Ky. — Gov. A. B.

Chandler paid tribute to a "civil service system based on honesty, loyalty and merit" in a proclamation designating January 15 through 21 as "Civil Service Week" in recognition of the "great group of government men and women who have earned esteem and praise of the people for their devotion to duty."

"High standards are made possible through standards based on honesty, loyalty and merit," added the Governor who noted that the Civil Service System was observing its 73rd anniversary this month.

SURVEY REVEALS MILLIONS OF RICH IDLE ACRES

THE MAP above shows that there are more than 8 million acres of rich, idle farm land in the Southern States waiting to produce more food for the nation when needed. Despite this fact, the Federal Bureau of Reclamation wants Congress to approve the Incredible Upper Colorado River Project which would cost the nation's taxpayers \$4 billion in added

taxes to "irrigate" 583,000 acres of arid mountain land in Colorado, New Mexico, Utah and Wyoming. Figures for the idle southern land were obtained from the U. S. Soil Conservation Service. This land could be brought into production at a fraction of the cost of creating new agricultural lands in the Upper Colorado River Basin.

Public Assistance Grants of \$39,179,346 Spent During '55

Frankfort, Ky. — Kentucky spent \$39,179,346 last year in public assistance grants among three categories of aid—old age assistance, dependent children and needy blind—according to Commissioner of Economic Security Vego E. Barnes.

"This represents a substantial contribution to the economy of Kentucky," said Barnes "and the grants to many provide a means of allowing these persons to live with a medium of decency and respect."

Aged persons on the rolls totalled 55,487, while aid to dependent children grants went to a monthly average of 18,796 families, and there were an average of 2,967 blind persons receiving checks each month.

Old age assistance payments totalled \$23,570,816; aid to dependent children grants totalled \$14,286,985 and aid to needy blind, \$1,321,545.

The figures were contained in a year-end report of operations released by Barnes.

Total 1955 payments in Letcher County distributed among the three types of recipients were:

Old Age Assistance, \$236,038
Dependent Children, \$373,217
and Needy Blind, \$25,911—for a grand total of \$635,166 in the county.

LICENSE SALE DECLINES, DEPARTMENT REVENUE UP

Frankfort, Ky. — Although the income from the sale of state hunting and fishing licenses declined during the past fiscal year, the overall income for the Department of Fish and Wildlife Resources was \$109,711 greater during 1954-55 than during the previous year.

The increase in revenue was brought about by a larger allotment to Kentucky from the Federal government.

The Department reported that in 1953-54 the hunting license sale amounted to \$773,274, while for the past year the amount was \$748,686, a decrease of \$24,588.

For the same periods the fishing license total for 1953-54 was \$789,710. Last year the revenue amounted to \$719,401, a decline of \$68,873.

The increase in Federal government funds allotted to the Department was \$168,692 during the past year.

HEART ASSOCIATION URGES PARENTS TO BE ALERT DURING "STREP" SEASON

With the "strep" season nearing its annual peak, parents are being urged by the Kentucky Heart Association to be especially alert to signs and symptoms that might indicate this forerunner to rheumatic fever and rheumatic heart disease.

The reminder was issued by Dr. Leslie H. Winans, KHA Board chairman, who said that "knowing when to call your doctor and what to tell him about your child's sore throat may forestall an attack of rheumatic fever, the cause of more heart damage and of more long-term crippling illness in young people than any other disease."

As a guide, Dr. Winans outlined a checklist of questions about "strep" throat prepared by the Heart Association. "Call the doctor if you get positive answers to these questions," Dr. Winans advised. They are: Did the sore throat come on suddenly? Does your child's throat hurt most when he swallows? Does it hurt most below the angle of the jaw when you press gently there with your fingers? Are the glands swollen there? Does he have a fever between 101 and 104 degrees? Does he have a headache? Is he nauseated or has he vomited? Has he been in contact with anyone who has had scarlet fever (also a "strep" infection) or a sore throat?

Prompt treatment is vital, Dr. Winans stated, since "first attacks of rheumatic fever can generally be prevented with penicillin or other modern drugs."

Winter weather multiplies occurrence of "strep" infections many times, Dr. Winans pointed out, adding that "many perhaps most" school-age children will have "strep" infections between now and April. He suggested that parents wishing further information should write to the Kentucky Heart Association, Columbia Bldg., Louisville, for a free pamphlet entitled, "Now You Can Protect Your Child Against Rheumatic Fever."

Letcher-co. Board Of Health, Meets

The Letcher County Board of Health held its quarterly meeting in the Fiscal Court Room on Tuesday afternoon, Jan. 10, 1956.

Members Present:

(1) Dr. D. V. Bentley, Neon; (2) Dr. T. M. Perry, Jenkins; (3) Judge James M. Caudill, Whitesburg-Neon; (4) Squire Gardner Bates, Whitesburg, and R. D. Collins, Health Officer, and Secretary of Board.

Member Absent:

Dr. T. R. Collier, Whitesburg.

Business Meeting:

All local boards of Health are expected to meet at least quarterly (or four times per year), and this was the FIRST meeting for 1956; the Health Officer who is also Secretary of the local board, gave a full resume of the 1955 Activities of the work done by the staff of the Letcher County Health Dept. He was happy to state that Letcher County had had no serious epidemic for 1955, although we do find that we had ten cases of polio—all who were hospitalized in St. Joseph Hospital, Lexington, under the direction of the Letcher County Polio Chapter, Mrs. S. E. Moncrief, chairman. The other dreaded diseases which in former years were wont to occur in great numbers, smallpox, typhoid, diphtheria, whooping cough, did not occur, thanks to preventive vaccines which are so efficacious, and which are readily accepted by our citizenry.

(b) Other important matters discussed were: The new rabies control law. This was found to not be working as it should. The Kentucky law states that NO ONE except a LICENSED Doctor of Veterinary medicine can legally administer said, Canine Rabies vaccine, and we have NO licensed man within Letcher County. Last year we had a working agreement with a Veterinarian—Dr. Beecher Scutcheff, Hazard, who gave us number of dog clinics in every section of the county, but we regret to state that these clinics were poorly attended. In all, around 700 dogs were vaccinated by him, and we feel that the DOG population runs into the thousands—so we can see what status we are in—on the whole only a small per cent are vaccinated as the Law requires; thus we can easily have an epidemic of rabies in dogs, and thence to our human population; this is a serious matter. We have urged that the State Office appoint some "Qualified Person" as the law permits to do this (some one locally) but up to this date, this request has fallen on "deaf ears."

(c) The much-talked about HEALTH CENTER for the Letcher County Health Department was also discussed, but the Board felt at this time, that it was not a propitious one for it; also this project is given much concern by the ACTIVE citizens Health Committee of Letcher County.

(d) The new T.B. Control Law was talked on at some length; we find that it is so long-drawn out with so much RED TAPE tied to it, that it is most difficult to try to enforce.

(e) The Public Health Taxing Law, which permits Counties to VOTE on a SPECIAL TAX at so much per \$100.00 valuation for the maintenance of a County Health Unit was gone into at great length; again the Board decided that we had better "wait and see," would be a good way to support a Health Unit, but is the citizenry ready for this VOTE; as the public should know, that during all these years (more than 27) here in Letcher County, we have had to depend upon the Fiscal

Courts, and School Boards to appropriate annually the required amount as stated must be raised by the Kentucky State Dept. of Health; this can not be a laborious process, but can be somewhat on the humilitatnig side. IF and WHEN the VOTERS of Letcher County speak at the POLLS that they ask that a SPECIAL TAX be put on every one at so much per \$100.00 valuating—usually around 10-12% per \$100.00, then we certainly can be self-supporting and not have to play the role of "beggar." This is a NEW LAW, and to date NINE (9) Counties have so VOTED favorably on said taxing for Public Health work. This proposal has also been defeated in 4 counties in the last two November elections, the closest county to vote "Yes" is our sister, Perry county.

No other business, the Board adjourned to meet around three months from now for its next quarterly meeting.

—R. D. Collins,
Sec'y of the Board and
County Health Officer

Health Department Summarizes Work During Year 1955

Our staff would like to feel that the good people of Letcher County are interested in the activities of its local Health staff, hence so as not to burden you, we are setting down several of the MAJOR activities accomplished by its workers; and please remember that we only have a staff of FOUR (4), and only THREE (3) of these go out into the field, the schools, the homes to contact its people. Of course a great many of these services were rendered at the Health Office — here in the Courthouse.

Statistical services as follows:

1. Communicable Disease Control:

1. Polio cases admitted and homes visited—10 (to hospital)
2. Visits for contact supervision—43.
3. Number immunizations given (for prevention, etc.)—1,876. (3600 of these were polio injections, and we were ably assisted by Polio chapter and Whitesburg Women's Club and others).

2. Venereal Disease Control:

1. New cases of Syphilis—4.
2. New cases of Gonorrhea—9.

3. Contacts and suspects of V.D. cases examined—49. (We report that this is not the serious problem it was in former years—doubtless due in great part to Penicillin).

3. Tuberculosis Control:

1. New cases of T.B. brought under supervision—22.
2. Old cases re-admitted for supervision—39.

3. Number of home and office visits for above cases—132.
4. Number T.B. cases admitted to Sanatorium—23. (Letcher county has only nine beds available for County cases).

5. 1418 people had Chest X-rays in 1955—1,418.

4. Maternity and Child Health Services:

1. Number of expectant mothers admitted for clinic service—57.
2. Number Infants and pre-school children for service—125.

5. School Health Services:

1. Number school children admitted to Advisory Services—128.
2. Number students (1-5-9 grades) examined—1955—2533.

3. Number school visits by staff for all types work—459.
4. Number Conferences with teachers - re-sanitation, P.H. work of all types—1,588.

It seems to us here, that the average reader will understand to do all the above services, which are those with the major numbers, plus the countless smaller services (yet often as important), would take time, much time, and this done with only a staff of four workers. In past years this staff has noted that our work load compares most favorably with other county Health Unit Staffs with often 2-3 times the number of personnel; we try to work, and give services to our Letcher County folks; we are EVER-MINDFUL that we, like a host of others, are ACCEPTING TAX MONIES—and we STRIVE to EARN OUR CHECKS.—this seems the ONLY HONEST THING TO DO. Tax monies COME HARD.

Respectfully submitted,
—Letcher County
Health Dept. Staff

FROM THE PAGES OF
THE NATION'S HISTORY
COME THE STORIES OF

KENTUCKY'S HISTORIC SHRINES

Cumberland Gap, Kentucky's Gateway to the West for America's pioneers, opened up a great new world for the nation's early settlers who followed Daniel Boone into Kentucky.

Historic shrines stand today in many Kentucky communities, commemorating the lives of great men and the stirring events which were a part of the historic story of Kentucky. Many highways follow historic trails. This luxuriant country, which was both "Happy Hunting Ground" and "Dark and Bloody Ground" to the Indians, became the earliest promised land for the pioneers from the East. The history of Kentucky makes up much of the early history of the nation, and the nation's history is filled with the deeds of men who were first Kentuckians. The deeds and men of this history are memorialized in state parks, shrines and museums throughout the state. To the studios or to the casually interested observer of history, Kentucky is an exciting museum, an inspirational and unforgettable center of historic action.

Model DJ3A Soft top.
Dispatcher with durable
canvas top. Zippered rear
window provides
easy access to cargo area.

Here's the vehicle that brings you new savings on deliveries—the 2-Wheel-Drive 'Jeep' Dispatcher. Its maneuverability saves time in crowded traffic. With its ideal

weight-to-power ratio, the 'Jeep' Dispatcher saves fuel in stop-and-go driving as well as on the open highway. Its rugged dependability assures low-cost maintenance.

Model DJ3A Basic. Dispatcher
prices start as low as

\$1,395.

Delivered at your Willys dealer's,
plus state and local taxes if any.
Optional equipment extra.

Saves you time and money on every delivery!

- Delivers More Miles per Gallon. The 'Jeep' Dispatcher is designed for top economy. It saves gas in stop-and-go driving, and delivers many extra miles per gallon.
- Extra Maneuverability. The Dispatcher parks easily in spots too small for other vehicles. It slips through 5-foot openings in traffic, turns in an 18-foot radius.
- Easy Maintenance. Every working part is within easy reach for quick maintenance and repair. Open skirted fenders leave the entire wheel mounting readily accessible.
- Functional Design. Saves money by eliminating "limousine" trim—leaves fewer surfaces to get bumped and dented—requires less upkeep or replacement.

THE WATER WHEEL

The use of the water wheel in irrigation was employed by the ancients as early as the days of the Persians. Discoveries, all the way from the Euphrates to the Nile, have been made of the instruments and methods used by primitive man to convey water to his lands. The water wheel was found to be one of the more suitable methods, and is used largely over the bible land area today.

The wheel is found in the areas where the streams and rivers cannot be channelled, and is erected over a well that has been dug in the open field. This wheel is so large that it reaches and dips deep into the level of the water, lifting it by the turning of the wheel and pouring it into a canal that traverses the full extent of the field. Openings in the

canal along the way allows the water to flood the square plots under cultivation; or it may be channelled along the ridges where the vegetables grow in rows.

The donkey, as seen in the picture, is blind-folded for the purpose of breaking the monotony of the work, and perhaps to prevent the blinding effect of the twirling rounds. The donkey in this work is very important to his master and whole populace of the country. His own work he cannot see and is very little appreciated by those for whom he toils. As a result of his endless job and thankless service the fields receive water, produce abundant vegetables and grain, and the markets are flooded with choice food for man's enjoyment and sustenance of life.

TOLERANCE

by E. H. Johnson

Tolerance is a willingness to permit others to differ with one's self. A person is tolerant when he ceases contending with those who have ideas or customs that he doesn't agree with, but willingly permits them to think and act for themselves without hindrance.

Really the tolerant person does not contend or argue with the idea of changing the other person's opinion and right to think for himself or herself.

An organization or sect that goes about loudly contending that they alone are right is interesting but very narrow in their way of thinking. Such a person screams at others to be tolerant and accept his opinion as though he was divinely sent to reform the world by force. The world will never accept anyone's creed or government by force.

History records numerous nations that fell when they took up the sword to convince others of their opinions. Humanity

rebels against being driven about this world by would-be strong-arm methods.

The discussion of segregation of the races has been going around for a long time. Then suddenly whites are asked to be tolerant and accept Negroes in white schools. Are we really being tolerant to insist that white schools accept Negroes for instruction?

If accepting colored children into white schools is tolerance, then permitting marriage of whites and colored is also tolerance. If the banker's daughter suddenly wants to marry Sambo, then, be tolerant and permit the marriage.

Is all this ridiculous? No, my gentle reader, such is now here or near realization for such is the uncertainty of young love and young people in this day of total freedom.

The contention is—now be tolerant and accept Negroes in your white schools. Are we really being tolerant toward those who object, or, are we simply forcing him to accept something he doesn't want to

do. Tolerance is like cooperation or compromise, there is consideration for the other person. Even though the other person will not compromise, we have no right or authority to force this person to argue, and then contend we are tolerant. When one group forces another to agree the group doing the forcing is surely not tolerant.

Are we to fight the Civil War over again? This bloody conflict was caused by a misunderstanding. Freeing the slaves was only a by-product of that War. Neither the North nor South had learned to be tolerant, neither understood the other.

Too often we contend that to agree with me is the way to be tolerant. Too many people are convinced that they alone are right and others are wrong.

We can never use the word "tolerance" to mean to drive others to agree, unless by usage we change the meaning of the word.

The only purpose in writing this is to define the word "tolerance".

Tolerance does not force opinions on others.

SERGENT

On January 4th, a surprise birthday party was given for Mrs. Verdine Day of Mayking, Ky., by three of her daughter-in-laws, Mrs. E. O. Holbrook, Mrs. Fred Holbrook and Mrs. Hatler Holbrook. It's our chance to celebrate our record-breaking sales—and to make even more friends. It's your chance to win up to \$50,000 in cash—a thrilling around-the-world trip for two, plus \$5,000—or any one of 783 other big cash prizes.

And it's so easy to win: You merely bring proof of ownership—for your 1950 or newer model car—to any Plymouth dealer, and copy your motor number onto the FREE entry blank. See rules.

Sweepstakes opens January 17—
hurry in and enter now!

OFFICIAL SWEEPSTAKES RULES

1. Contest open to any person in U.S. or territories who owns a 1950 or newer model car, registered in his or her name prior to Jan. 17, 1956, except employees and their immediate families of Plymouth Motor Corp., Plymouth Division of Chrysler Corp., its advertising agencies, The Reuben H. Donnelley Corp., and Plymouth dealers.

2. Nothing to buy or solve. Take your title, owner's card or registration certificate—any proof of ownership—to any Plymouth dealer. Register your car's motor or serial number, make and model year on the entry

blank. Then sign your name, address and telephone number, and have your entry signed or otherwise validated by a Plymouth dealer or salesman. Place entry in the contest entry box.

3. Winners will be selected by The Reuben H. Donnelley Corp. by blindfold drawing. 1st prize winner will be selected first—2nd prize winner, second, etc., in successive drawings. Decisions of judges final.

4. All entries become the property of Plymouth Division of Chrysler Corporation and none will be returned. Plymouth and its advertising agencies will not enter.

into any correspondence with any contestant, except winners.

5. Contest opens at beginning of dealer's business day, January 17, 1956. Entries must be placed in entry box before close of dealer's business day, March 10, 1956.

6. Winners will be notified by mail by May 10, 1956. Names and addresses of winners will be posted at Plymouth dealers. Prizes awarded at Detroit, Mich., trip within two weeks, by October 31, 1956. Total cost of trip for two not to exceed \$5,000.

8. Contest subject to Federal, State & Local regulations.

"I don't think this would have happened on concrete!"

"It happened so fast, officer! I was taking it easy because I know this type of pavement is slippery when wet. I stepped on the brakes to slow down for the curve and my car suddenly went completely out of control. I skidded into the other lane of traffic and right into that other car. I don't think this would have happened if I had been on a concrete road."

You're right, Mr. Motorist. There's less chance of such an accident on concrete. Concrete pavement has greater skid resistance than other pavements. Your tires get a tight grip on its gritty surface. This means better vehicle control and quicker stops without skidding, even though it may be raining.

Remember, the type of pavement can often mean the difference between life and death. You're much safer when you drive on a skid-resistant concrete pavement.

REMEMBER, YOU PAY MORE FOR POOR
ROADS THAN FOR GOOD ROADS.

Mr. and Mrs. J. M. Clay had as guests on Sunday evening, Mr. and Mrs. Andrew Clay of Whitesburg.

Making plans for the future is often a way to escape work for the present.

THE PARSON SAYS:

E. Hampton Barnette

THE PARSON has been informed that the Reverend W. H. Poore, pastor First Methodist Church, Richmond, Ky., has been elected president of the Council of Churches in all Kentucky. This does not mean his own denomination only but it means, the Synagogues, Episcopalians, Presbyterians, and all other churches cooperating in the Council. This is a big job. Mr. Poore justly deserves this high honor, and it will be well cared for under his keen executive ability.

In checking on the former pastors of the FIRST METHODIST CHURCH, Whitesburg, I find several of them have reached high places of honor and distinction. Several have reached the much desired position as District Superintendent, and have sat in the council of the most distinguished bishops of the Methodist Church. There is a reason for that. The Whitesburg Methodist Church is giving a service to the conference and state that is strong. In its financial contributions it rates with the best churches in the conference. Our Missionary budget is very large, and we delight in helping others.

It would be my guess that Mr. Poore is now in line to be a district superintendent, and join that line of ex-pastors of the Whitesburg Methodist Church who have reached that high position, so well known to Laymen, preachers, and members of the General Conference. We at least hereby nominate Bill Poore to that position.

The Parson has made 417 pastoral calls since September. This is a part of the ministry that he likes very much. It is a great honor and happy pleasure to visit among people, and try to help them in their spiritual lives.

Last week one day of visiting was given to those who are sick. The parson called on Mrs. Malt Dan Fields who is very sick, and is well pleased to have neighbors visit her. Mrs. D. I Day received the Parson as a long-lost friend. I visited there when they had the other dog, but he warned me by much barking to tend to my own Methodist people and let others alone. But I got in by showing him my crooked cane. Don Brown, gave me much pleasure as he rallies from an experience in Good Samaritan Hospital. He is somewhat of an explorer, and traveler. Any one who knows lots about mountaineering, north and south pole expeditions, has my attention. I love this sport. Lady accompanied me to visit Mrs. Page, the mother of Mrs. C. D. Lynch, of Marlowe. The patience of these aged people would plague some of us who complain ABOUT BEING TOO SICK to go to church. So often the aged say to me, "O, how I wish I could go to church!" You will too someday.

Mrs. James Marlowe gave her little son, Paul, the privilege of deciding whether he would go to the pot-luck supper at the Methodist Church last week, or stay at home. After thinking it over he announced, "Mother, I have decided not to go to the Jackpot supper, at the Methodist Church."

1956 will be a good year for those who fight to move ahead.

A subscription to The Mountain Eagle will keep you informed of your county happenings the year 'round. Why not drop in when in town or better still fill out the subscription blank in this paper and mail it in. In the county, \$3.00; out of the county or state, \$4.00. The Eagle is a gift that your family will be grateful for throughout the year.

JAYCEE

Meets at Sarah's Tearoom
Thursdays 6:30 p.m.

Pres. — Estill Blair
Vice-Pres. — Elmer Collins
Sec. — Willard Kiger
Treas. — Paul Kirkland.

The Jaycees of Whitesburg met Thursday, January 19, 1956 at Martha Hall's "Friendly Fountain." The following members were present: Elmer Collins, Paul Kirkland, Ballard Morgan, Alex Hall, Woodford Blair, Hoover Dawahare, Emory Lewis, Jesse Holbrook, Jr., Martin Dawahare, Don Crosthwait and Willard Kiger.

Guest of the club was J. E. Harrington, C.P.A. from High Point, North Carolina.

In the absence of President Estill Blair, Vice-President Elmer Collins called the meeting to order. He asked for the minutes which were read by Willard Kiger. He then called for Paul Kirkland to give the treasurer's report.

Ballard Morgan reported to the club on the program that was being made toward the park project.

The Jaycees are trying different projects to raise money to be used for the park fence. They negotiated with the local theatre in an effort to obtain sponsorship of movies. Hoover Dawahare is trying to get the East-West high school all-star basketball game for the city.

The Jaycees decided to donate \$20.00 to Don Fields of Millstone, Ky. This money is to provide transportation and lodging for one night. This youth will report to the Crippled Children's Hospital in Lexington for treatment.

JAYCEE ORGANIZATION

McROBERTS P.-T. A.

The January meeting was called to order by the Vice-Pres., Mr. Lee Johnson:

Devotional was taken from the Kentucky P.-T. A. Journal and was read by Mrs. Jackie Johnson.

Minutes of last meeting were read by the Secretary, Mrs. Vina Riddle.

A suggestion was made by Mr. Scott for the Secretary to keep a financial report of the meetings.

Mrs. Riddle read the "Parents' Creed" in the Kentucky P.-T. A. Magazine.

Mr. Johnson reported he had received a notice that the lease on the Ball Park was up and it was discussed. A motion was made by George Lundy and second by Jimmy Zideroff to renew the lease on the Ball Park. Motion was passed by vote.

Since Jenkins P.-T. A. meets on the third Monday and the school board meets on the second Monday of each month and some of our members like to attend these meetings it was decided to change our P.-T. A. meetings to the first Monday night of each month hereafter. Motion was carried by vote of all present.

Mr. Johnson, the principal, reported the teachers had asked for new library books be bought for the grades 1 thru 6 by the P.-T. A.

Motion was made and passed by vote to set aside three hundred dollars to buy library books.

Mrs. Scott, the publicity chairman asked for \$6.00 to purchase a publicity book. Motion was made and passed by vote.

The weather being so cold and rainy we did not have very many at the meeting.

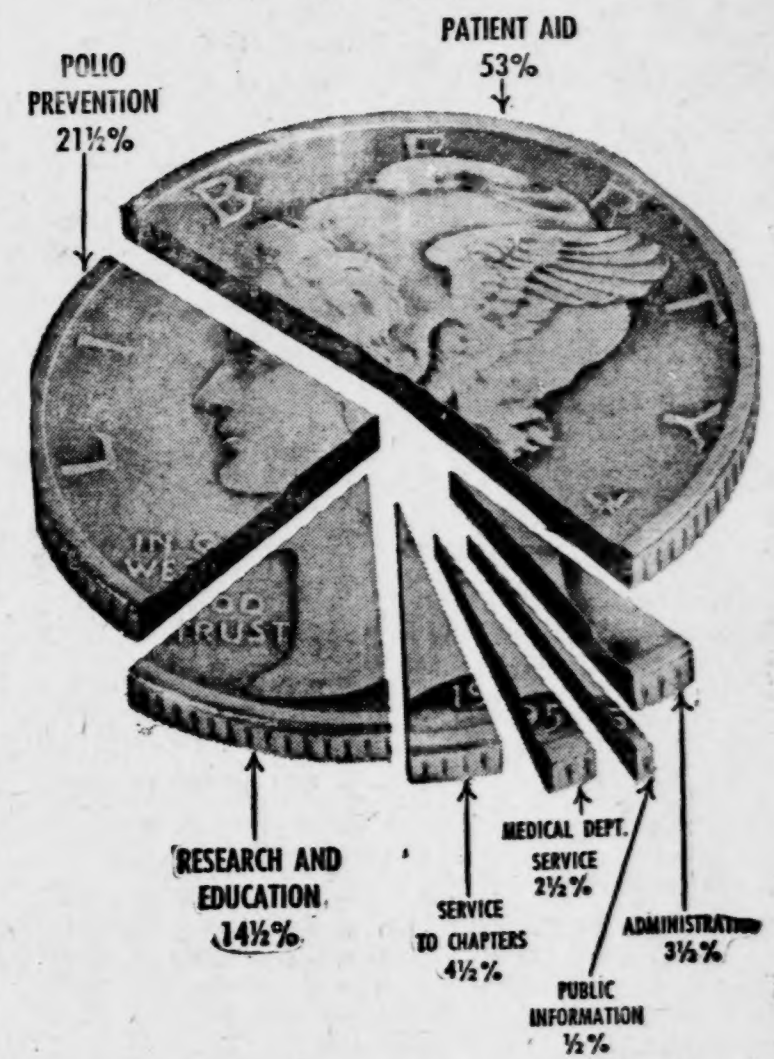

We would like for a big attendance at our next meeting, the first Monday in February. Come and take part in these meetings.

Mrs. Scott's third grade won the banner.

Participates in Exercise

Augsburg, Germany — Sergeant First Class Wayne Parsons, son of Mr. and Mrs. Wade Parsons, Dunham, Ky., recently took part in a cold weather indoctrination exercise in Germany.

The exercise, held by the 5th

Infantry Division trained Parsons in the methods of survival in sub-zero temperatures.

Parsons, a platoon sergeant in Company K of the division's 11th Infantry Regiment, entered the Army in 1947 and completed basic training at Fort Jackson, S. C. He was stationed at Camp Breckinridge, Ky., before arriving in Europe in February, 1953.

The Sergeant is a veteran of service in Korea and holds the Bronze Star Medal and Purple Heart. Parsons attended Jenkins (Ky.) High School. His wife, Dolores, is with him in Germany.

AMERICAN LEGION POST HOLDS REGULAR MEETING

Bradley Burkhardt Post No. 66, American Legion, at a regular meeting on Jan. 14, at Jenkins. Bradley Burkhardt Post was called to order by Acting Commander Carl Fitzpatrick. Commander Ivan (Moon) Mullins, arrived and the gavel was turned over to him.

There being several comrades present, baseball was discussed for the coming season and Tilden Crace was designated to take over the ball club sponsored by the American Legion. We hope to have a very active club this year.

The group discussed aid to the service officer, Comrade R. H. Wassum and we are hoping we can have the state service officer spend one day or more each month in Jenkins. The post also went on record as approving the freeing of the U. S. Grant Bridge.

There will be a district meeting of the American Legion to be held at Prestonsburg, January 29th (Sunday) at 2:00 o'clock p.m., and we are hoping there will be a goodly number attending this meeting. We should all get behind the Legion and get our quota of the members. Bradley Burkhardt Post No. 66 is short only six members of our quota which is fifty-seven—so let's work hard and put our post on top. We joined the army to serve our country so let's join the Legion to serve our community and fellowman.

Whitesburg Conquers Hazard 73-49; Meets F-N Friday

Don Woodford Webb

The Whitesburg Yellowjackets beat the Hazard Bulldogs 73-49 at Whitesburg Tuesday night. This was the first game in 11 days for the Yellowjackets due to cancellations of their games with Harlan and Breathitt County because of bad weather. The Yellowjackets were beaten by a Bulldog squad twice last season. That Bulldog five went on to win the State High School Championship. But this year's squad hit for only 21 percent of their shots as they were defeated for the 11th straight time this season. They are winless thus far.

During the first half, both squads were cold. Hazard hit only 6 of 25 attempts while the Jackets hit for 8 of 34. During the second half, the Bulldogs hit 7 of 39 while Whitesburg hit 21 of 42.

High man for the victorious Jackets was Robert Meade with 26 tallies followed by Capt. Rex Polly with 19 and Basil Sexton with 15. Sinor made 14 points for the losers.

Friday night the Yellowjackets meet the Pirates from Fleming-Neon. The game will be played on the Whitesburg floor.

Don Woodford Webb

The much improved, never-say-die Whitesburg Yellowjackets fought the Carr Creek Indians right down to the rail before falling behind in the closing minutes to lose 64-48, but bounced back on the rebound to hand the Cavaliers for Jenkins a smashing 70-50 setback.

Against the Carr Creek five, Coach Erne Trosper's boys never

gave up the fight. With two minutes remaining to be played, the Jackets trailed by only 6 points, but with the game so close, unnecessary fouls and bad breaks gave the Indians 10 closing points. This was probably the hardest game the high-ranked Indians had played all season, and one they will never forget. The Jackets played their first complete game as a unit against Carr Creek and came close to being victorious. The Indians were paced by Bobby Ray Shepherd, a former King-dome Come student, who made nine field goals and four free throws for 22 points. Couch and Maggard each had 11 for the winners.

Captain Rex Polly of Whitesburg tallied 18 points for the Jackets, followed by Basil (Clip) Sexton with 9.

Cavaliers Trowned By Trosper's 5, 70-50

The Cavaliers from Jenkins moved into Whitesburg at the wrong time, and tasted a thorough defeat at the hands of the rebounding blood-thirsty Whitesburg Yellowjackets. The Jackets, having not forgotten their heart-breaking defeat by Carr Creek, moved into an early lead and never gave it up as they trounced all through the game. The team seemed to catch some of the spirit of their always fighting center, Jimmie Blair. All opposing players and coaches admire Jimmie for wholehearted work for the good of the team. And it is now paying off for Jimmie, who always paces the team.

Blair and Farley of Jenkins, tallied 12 and 10 points respectively while all of the first five on the Jacket squad burned the nets for over 10 markers. Rex Polly, Jimmie Blair, Basil Sexton, and Robert Meade tal-

lied 14 each, while Billie K. Banks got 12.

DR. MOORE LANDS WHOPPER, CONLEY COMES IN SECOND

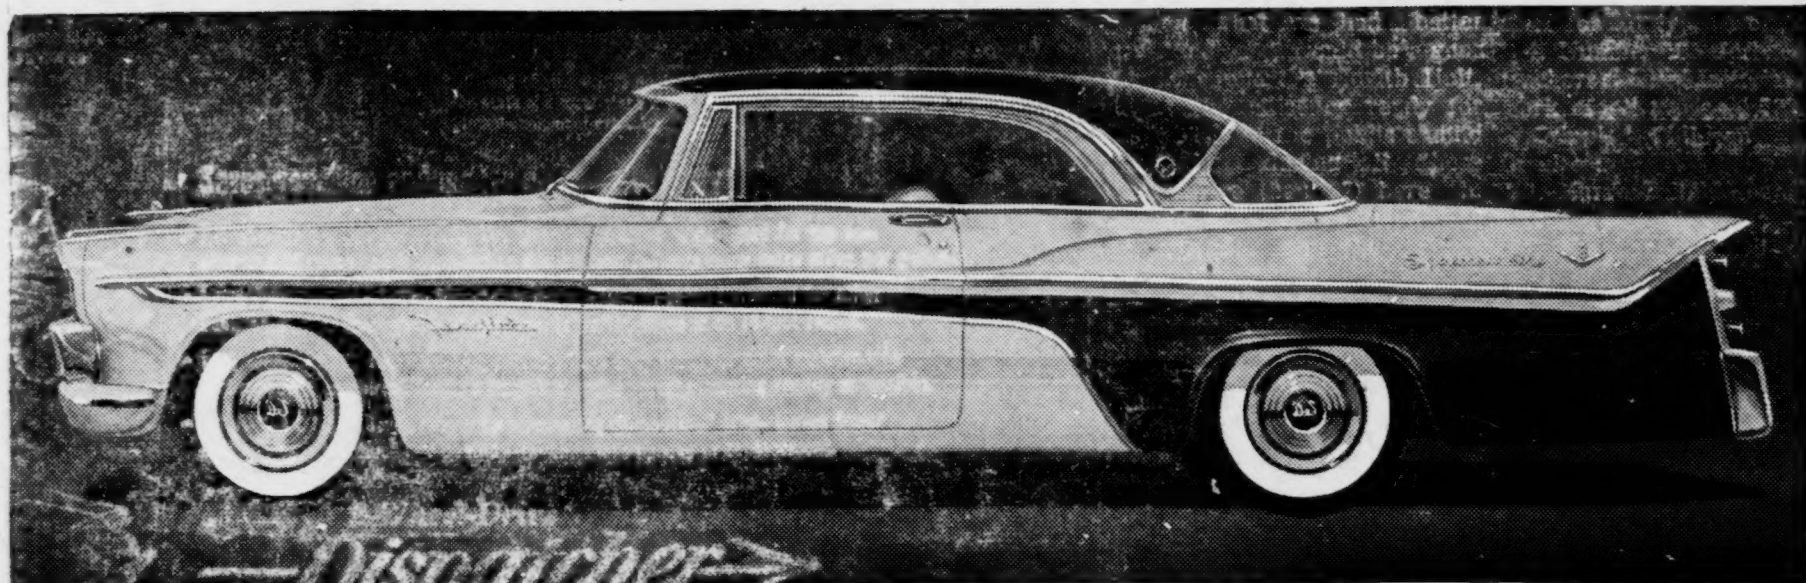

It was reported by Rose, the good wife of Dr. Lee Moore this week that a call coming from him and his party in Florida stated that they had landed two beautiful tarpons, one landed by Dr. Moore weighed in at 40 pounds and one by bill Conley at 100 pounds. Dave Fields and Melvin Adams did not report any catches. They are fishing in Crystal River in Citrus County, Florida. We feel that a more and better story is in the offing when they return and with we hope, some good pictures of the fish.

This week, I think I shall give you some hints on the care of your kitchen equipment, to keep it in good condition and looking its best.

Hot Water Heater

The exterior of your water heater can be cleaned with a damp cloth. Cleanliness of the baked enamel finish increases casing protection. Also, a good coat of wax makes a worthwhile protection.

Sediment should be removed from the hot water tank, periodically. It forms a layer of insulation on the bottom of the tank and requires additional fuel to raise the water to the required temperature.

Sink

Sinks should be cleaned with hot suds to remove all traces of grease. Surface marks should be removed with mild abrasive cleansers. Boiling, sudsy water should be allowed to flow down the drain pipe after each meal preparation and clean up. This is necessary to prevent grease from clogging the pipes. If grease is not allowed to collect in the drain pipes, stoppage of drain pipes will be avoided.

Refrigerator

Did you know that overloading your refrigerator shelves free circulation of air? It causes a rise in temperature and a longer operating time.

A mild soap and luke warm water bath should be given your refrigerator weekly. Be sure to read your instructions to see how often the manufacturer advises defrosting.

Lipstick Stains

Have you had your best napkins soiled with lipstick stains? Soap and water will usually remove this. If the material is boilable, boiling will remove any trace of remaining stain. If the stain is stubborn, sponge lightly with a clean cloth dipped in carbon tetrachloride or other grease solvent.

Farm and Home Week Programs for Women

Women will have their own meetings, with the exception of one afternoon, throughout the four days of the annual Farm

and Home Week at the University of Kentucky at Lexington, Jan. 31 to Feb. 3.

Men and women will attend a general session on "The Farm Family of the Future" in Memorial Coliseum Wednesday afternoon, Feb. 1. Speakers will include R. G. Gustavson, president of Resources for the Future, Inc., Washington, and Mrs. Luella Canterbury, Chicago psychologist, analyst and lecturer.

Mrs. Canterbury also will address the women on the afternoon of the first day. The first morning the women will hear Miss Mary Trent of the Office of the British Commonwealth and Northern European Affairs, State Department, Washington, and Dean Frank J. Welch of the Kentucky College of Agriculture and Home Economics.

Miss Beth Peterson, Dupont Company, and Dr. William K. Keller, Louisville psychiatrist, will speak at the Thursday morning's session for women.

Special events will include a tea by President and Mrs. H. L. Donovan, a household equipment show, movies and a basketball game between the University of Kentucky and Duke University.

University officials stress that all sessions, meetings, exhibits, shows and other events of Farm and Home Week are open to all people—country and town alike.

Recipe of the Week

Foods prepared with sour cream have a flavor and delicacy all their own. Cream may be soured by adding 1 tablespoon of vinegar or buttermilk to 1 cup of coffee cream, say food specialists at the University of Kentucky. Shake or stir well, and let stand at room temperature for 24 hours. The body of the cream will be improved if it is stored in the refrigerator for another day.

Sour Cream Biscuits

1 c whole wheat flour
1 c sifted white flour
½ t salt
2 t baking powder
½ t soda
1 t water
Sour cream (about 1 c)
Sift white flour, salt and baking powder together and add whole wheat flour to the mixture in a mixing bowl. Make a well in the center. Add soda to water and stir into sour cream. Pour cream in the well of flour. Mix well, then turn dough onto bread board and mix lightly. Roll about three-fourth of an inch thick, cut in circles and bake in hot oven (425 degrees) 12 to 15 minutes.

Note If sweet cream is used, omit the soda and double the amount of baking powder.

Menu: Swiss steak, baked potatoes, greens, carrot-lemon salad, sour cream biscuits and butter, and apple crisp.

Dry Milk Handy

The use of nonfat dry milk is one to encourage says Miss Florence Imlay, food specialist at the University of Kentucky. It mixes quickly with water to make fluid milk that can be used in any way that other fluid

milk is used. It is convenient to have on hand, and saves many emergency trips to the store. Its cost is considerably less than that of whole bottled milk.

MILLSTONE HOMEMAKERS

by Francis McCray,
Reporter

On January 6th the Millstone Homemakers met at the home of Mrs. Minerva Wilson. The Devotional was given by Mrs. John M. Adams. The roll was called by our secretary, Minerva Wilson. Those present answered by something they wanted to accomplish this year. Those answering were: Mrs. John M. Adams, Mrs. Minerva Wilson, Mrs. Francis McCray, Mrs. Percie Hunsucker, Mrs. Maggie Richardson, Mrs. Eva Potter, Mrs. Effie Vest, Mrs. Dixie Vick, Mrs. Charlotte Newsome, Mrs. Miriam Breeding, Mrs. Juanita Roberson. We also had two visitors: Mrs. Sarah Profitt and Mrs. Reese Caudill. We hope they will join our club soon.

The lesson on Common Fitting Problems and How to correct Them, was given by our Home Demonstration Agent Roberta Halcomb, and leader, Percie Hunsucker. Several of the ladies brought dresses to be fitted. We discussed how running your darts and lines to help the fitting of your dress. We learned that cutting your dress on the straight of the material has a lot to do with your clothes fitting right. So the lesson was very interesting and I believe everyone learned something new.

The Landscape Notes were given by Charlotte Newsome. The notes were pruning trees, how to prune and what time of year.

The delicious refreshments of a salmon salad with ritz crackers were served with drinks.

The meeting for February will be at the home of Mrs. Percie Hunsucker, Feb. 3rd.

FLEMING HOMEMAKERS

The Fleming Homemakers met with Mrs. Lucille Gish for the January meeting. Mrs. Gish gave the devotional. Minutes and Treasurer's report by Mrs. Jean Bentley.

We gave Mrs. Sam Tucker a little surprise by presenting her with two nice gifts: a floor model corner shelf, and electric

bean pot. The Tucker's will be moving to Maryville, Tenn. soon. Mrs. Tucker is a Charter Member in the Fleming Homemakers. She has served as club president, project leader, membership chairman, county president and held other offices in the club.

One new member this month, Mrs. Jr. Welch. We also had a visitor from the Neon Club, Mrs. Frank Gish.

Delicious refreshments were served by our hostess.

We will meet next month with Mrs. Elnora Quilan. Mrs. Gish plans to attend Farm and Home Week in Lexington.

More Eggs

Are you planning to buy baby chicks this spring? If so, now is the time to place your order, and specify the time you want your chicks to arrive.

Some suggestions that may be helpful now:

1. Sell your pullets that aren't laying.
2. Be sure your hens aren't crowded.
3. If your birds are losing weight, add 10 pounds corn meal to each 100 pounds of mash for 1 week.
4. Your flock will do better, the laying house will be in better shape if windows (if any) are left open.
5. Replenish nesting material frequently.
6. Be sure to have plenty of water, not frozen.
7. Place watering vessels on a platform to keep the water clean and to prevent wet litter.

More Fruit for Home Use

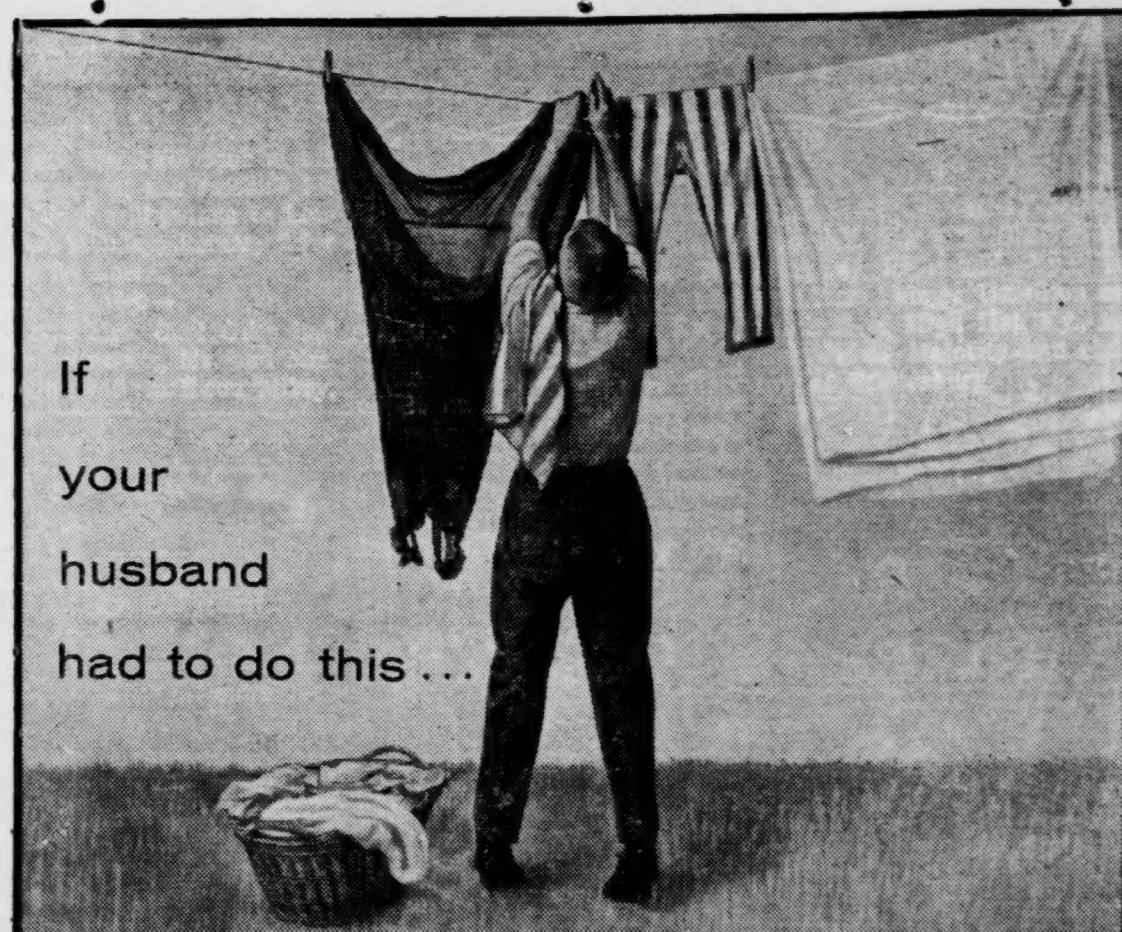

Those apple trees likely could stand a haircut anytime now. Pruning is important to a slight degree. Remove all dead limbs and all that rub against another limb. When removing a limb or branch do not leave a stub—cut it back to another branch.

There is no reason why each farm home can't have apples, raspberries, grapes, and strawberries to at least provide for home use.

Planning now and ordering these will help to insure that they are started this year.

What To Do To Strawberries

Use 800 to 1,000 pounds of

he'd buy an electric clothes dryer

If your husband had to hang the family wash, the chances are that after carrying heavy baskets, and bending and stretching to hang each piece, he'd suggest an electric clothes dryer.

With an electric clothes dryer all you do is put in a washer-load of clothes—turn the dial—and it's dry within an hour. You save on ironing too because things like towels, corduroys, and knit goods come out wrinkle-free ready to use or store away.

Want an electric clothes dryer? Just let your husband hang the wash once and you'll be seeing your electric appliance dealer that night.

"DRIVING ON THE HIGHWAY"

by E. H. Johnson

We sing about it, we pray about it, we curse about it, we teach about it, we talk about it but—still permit morons, drunks, maniacs and fools to drive a car. The armed services decide who their people are and sort them out. Then they become potato peelers, scrub boys, or of-

fice messengers. They are inscribed in a circle where they can do no harm to the other men. In event they are totally useless to the service, they are sent home to roam the highways.

We give them a little booklet of 50 rules on driving. He memorizes them. If he can't read, a friend repeats them until he can say them over like a parrot. Now he knows the answers, or

does he? An officer gets in the car with him to see if he can drive. Possibly the officer prays. Behold, this bird can drive and he gets a license. No one is to blame it is the system of examination that is to blame.

We know little about his mental attitudes. We know nothing about his obedience to law but he will soon teach us. He is just sixteen or eighteen. Likely he has not been a violator, but now

he is equipped to be a murderer of innocents. We believe him to hit the highway but much of the time he hits everything else. He may kill humans from before birth to age one hundred. You are pretty safe at age one hundred and ten.

If the Soviets will be patient, we will kill ourselves and save them the trouble. Oh pity the day they start a war with us. We could soon kill them off with

four wheels. We could make certain by putting a railroad rail on for the front bumper and increasing the horsepower of the modern cars.

How can we stop all this murder on the highways? Here's the answer, everybody has one:

1. Since there is no governor behind the wheel, put one on the engine rated 10 miles per hour for first one thousand miles. Then increase one percent every hundred thousand miles.

2. Require strict mental, moral, physical examinations. Qualified drivers can transport the others. Then the bus companies need more business anyway.

3. If an applicant fails according to Number 2, then let him operate under Number 1 above.

4. If he is driving while drinking, send him to Siberia. If the Soviets won't have him send him to Alaska near the Bering Sea until he cools off.

5. If nothing you can devise stops his reckless driving, ship him to the land of the headhunters. Maybe they can find him a head.

(The writer is sincere and serious about this.)

Tax Guide Offers Assistance For Local Farmers

Farmers who may be confronted with problems growing out of the new social security phases of their Federal income tax returns, as well as with other points in their tax determinations, will get a big assist from the new Farmers' Tax Guide now available at district offices of the Internal Revenue Service and from county farm agents.

The 64-page booklet was prepared by the national office of the tax collection agency with the aid of revenue agents in farm areas, the Federal extension service of the Department of Agriculture, and the state extension services of the Federal land grant colleges.

A million copies of the booklet have been published for nationwide distribution. Advance copies sent to large national farm organizations have been highly commended by such groups as the National Grange, the American Farm Bureau Federation, the Farmers' Union and the National Livestock Tax Committee.

In addition to describing in detail the steps to be taken by farmers in all categories in preparing their 1955 returns, the booklet also provides numerous examples on how to do it. A "rapid-finder index" is included along with a check list of items of farm income and expenses. Particular problems encountered by many farmers are clarified under a series of spot headings.

The booklet also deals with such subjects as farm inventories, depreciation, capital gains and losses, casualty losses and thefts, trades, condemnations and diseased livestock, soil and water conservation, and other matters of farm interest.

The publication contains considerably more material than is included in the information booklet which will accompany 1955 farmers' tax forms, scheduled to go into the mails late in December or early in January. Farmers who have had special problems during 1955 will be able to plan much of the calculation required by their returns by using the new guide, revenue officials said. It will enable those who file January 15 estimates to do much of their computation in advance of actual form preparation.

Farmers desiring the guide should visit one of the available distribution points listed below or write at once requesting copies.

CHANDLER PROMISES TO SUPPORT FAIR

Frankfort, Ky. — "Enough money to get the State Fair Board off to a fair start" was promised by Gov. A. B. Chandler.

The Board also re-elected Smith D. Broadbent, Cadiz, as chairman, a post he held under the preceding administration. Broadbent was the only member of the old Board retained in office by Governor Chandler. Archibald Cochran, Louisville, was named vice-chairman.

The Governor's commitment on funds was made following a review by the new board of its financial status, and an explanation by Dr. James W. Martin, Commissioner of Finance, that the Board faced a deficit of some \$1,200,000 because of "overvaluation" of its properties.

The Board also:

1. Explored possibility of employing a management corporation to handle over-all operation of the new Fair plant.

2. Decided to build wooden barns for show horses, rather than concrete stalls under the bleachers. Horsemen had objected to the concrete stalls.

3. Continued J. Dan Badwin, present manager, in charge.

4. Employed Ralph C. Wyatt, Lexington, as resident engineer for the Fair plant, and retained Ivan Jett, Georgetown, as consultant on the new Fair project.

**SUNDAY SCHOOL LESSON**

INTERNATIONAL UNIFORM SERIES

—By—

Rev. C. A. Lingle, Jr.

—O—

JANUARY 22, 1956

LESSON VERSES: Luke 14—

(to be read and studied in your Bible).

PRINTED SCRIPTURE: Luke 14:7-11, 16-24.

(Based on copyrighted outlines produced by the division of Christian Education, National Council of Churches of Christ in the U.S.A., and used by permission.)

It is impossible to separate Christianity from Discipleship, for if you are a Christian you are a disciple. Christianity is more than a belief, it is a commitment and that commitment is discipleship. Proof texts are to be found everywhere in the New Testament. Even the text that supports any contrary excuse for the passive basking in the light of God's glory, "Believe on the Lord, Jesus Christ and thou shalt be saved," carries the meaning of discipleship, for belief is not the shallow connotation of the English word but rather believing with such intensity that the belief controls the human life. It is upon the subject of discipleship that our Sunday School Lesson for today is based.

The first of these parables on discipleship is concerned with a wedding feast. The Eastern wedding feast usually lasts for about a week. Strict protocol is observed with the most distinguished guests sitting close to the wedding group. To be seated near the wedding group was an honor, but to seat yourself close and then be asked to move would be embarrassing. Humility is the answer to the question. God has his own way of accepting people. The proud will be cast down. Humility is the example of Christ.

The parable of The Great Banquet teaches another mark of discipleship. Selfishness is the greatest wall of separation between God and man. Many are called into the presence of God but most have their own selfish excuses to make, "too busy," "too tired," "too involved," these may sound logical to us, but to God they are but indications of the weakness of our religion.

Revenue Order Draws Praise

The order of the State Department of Revenue restoring the stamp tax method—rather than the "reporting" method—of collecting taxes on distilled spirits and wine drew a kind word from the official spokesman for the Temperance League of Kentucky.

The change was ordered after receipts under the "reporting" system fell some \$600,000 under the previous stamp method of effecting collections, Commissioner of Revenue James E. Luckett ordered the change as an aid to protecting the revenues due the State.

The Rev. Walter C. House, Executive Director of the Temperance League, wired Governor Chandler that the directive would aid law enforcement. He wired the Governor:

"You are to be commended for re-establishing liquor tax system. We believe your directive will help prevent bootlegging in dry territory. It will also aid law enforcement officers in tracing illegal sales and illegal suppliers. Congratulations and Best wishes."

You certainly should look at
the '56 Buick SPECIAL!

WE've said it before, and we'll say it again:

If you can afford any new car, you can afford a Buick—and the sales figures make the proof of that stronger and stronger.

Just ask yourself: which cars would normally be in the top 3 of America's best sellers? The well-known smaller cars—naturally.

But which cars are in that Big 3? Two of the well-known smaller cars, and Buick—for over two years running now.

That means Buick prices are well within reach of more and more people—thanks primarily to the budget-tagged Buick SPECIAL, like

the one pictured above.

And that's the whole point of the matter.

For this low-priced Buick SPECIAL—so close in cost to the smaller cars—is so much more automobile for the money, it's the stand-out buy of its field.

It's the biggest of the Big 3 in power, thrill, in comfort, in size and breadth and luxury and sheer roadability.

It's the biggest of the Big 3 in the solidity and softness of its all-coil-spring ride—in the sweep of its styling—and in the pure thrill of its performance.

For where else but in Buick can you

get the nimble getaway, the gas-saving mileage, the electrifying switch-pitch action and the absolute smoothness of the new Variable Pitch Dynaflo?

Come in to see and drive the biggest bundle of high-powered beauty and energy ever offered in Buick's lowest-priced Series.

It's proud we certainly are to be able to offer so much car for the money—but nothing to how proud you'll be when you boss a new SPECIAL. Can you come in tomorrow?

**New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

Mr. Erzell Bradley, son of Loti Edd Bradley and Mrs. Bradley passed away, Dec. 30. He was 50 years old and had been sick for about 32 years. He leaves his mother, Mrs. Nancy Bradley and two brothers, Willie Bradley and Charlie Bradley and one sister, Lowly Whitaker to mourn his loss and a host of relatives and friends.

Mr. and Mrs. Raymond Hall and family moved into the prop-

erty of Mr. and Mrs. Arnie Franklin. The Halls are from Mayking, Ky. Mr. and Mrs. Arnie Franklin moved to Pontiac, Michigan, where they are both employed.

Mr. W. L. Sanders, father of Roy Sanders, is very sick in the Notre Dame Hospital at Lynch, Ky. His friends here wish him a speedy recovery.

Miss Nell Helton, daughter of Frank Helton, left for Louisville, Ky., to find employment.

Mrs. Troy Shepherd was appointed postmistress at Gordon, Ky.

Mrs. L. A. Coots is on the sick list at her home at Line Fork, Ky.

We were very sorry to hear of the death of Aunt Sis Caudill of Premium, Ky., our deepest sympathy to the family.

Ernie Thonsbury and Ralph Halcomb were married Jan. 7. Miss Thonsbury was the daughter of George Thonsbury, of Gordon, Ky. We wish them much happiness.

MILL BRANCH

Mr. and Mrs. Esquire Whitaker and Mr. and Mrs. Junior Ison and family visited Mr. and Mrs. Hargis Caudill of Hazard, last week-end.

We were very sorry to hear of Mrs. Alice Whitaker of Roxana, being in the Fleming Hospital. We hope her a speedy recovery.

Mr. and Mrs. Silas Caudill are very proud of their new water system that Williams Electric put in for them this week.

Mr. and Mrs. Pearl Dixon of Blackey, Ky., visited at the home of Mr. and Mrs. Herman Caudill last Sunday afternoon. A good dinner and an evening of conversation was much enjoyed by all.

Major Ray Fields and daughter of the Richmond, Va., Ordnance Depot, were visiting in our community last week. Major Fields visited many of his friends on Kings Creek as well as his father, Mr. George M. Fields of Roxana.

Mr. and Mrs. Neldon Whitaker attended church at Lothair, Ky., this week-end. Mr. and Mrs. Esquire Whitaker attended the Indian Bottom Church at Blackey, Ky. A good meeting was reported at both places.

A very enjoyable week-end was reported by Mr. and Mrs. Herman Caudill and Mary Grace, who visited at the home of their son and daughter-in-law, Mr. and Mrs. Hubert Caudill of Clinton, Tenn. Hubert, who is a former teacher in Letcher County is now employed at the atomic plant in Oak Ridge, Tenn. His wife, Betty, is a nurse in Clinton.

Mr. and Mrs. Eugene Shepherd of Lynch, Ky., and Mr. and Mrs. Mart Ritchie and Sandra, of Ritchie, Ky., attended church at Lothair, Sunday. After church they came to the home of Mr. and Mrs. Silas Caudill for dinner and an enjoyable evening

of visiting.

Much grumbling has been heard on the branch this week from the high school children, who say they wonder about the ethics of having semester tests just after Christmas vacation. Cheer up children! your education will be worth it after all.

BLAIR BRANCH

MINNIE ADAMS

We extend our deepest sympathy to the widow, children, relatives and friends of Wayne Turner, who died recently at his home on Breedings Creek.

THE LIFE OF A COP Mrs. John Belcher

Sixteen blocks I have to beat, Sixteen blocks on a dead man's street,

On this dark street I make my rounds,

With a bone-handled gun and a bag of sand.

When my eight hours is finished,

And I've made my beat, Then some more trouble is started on the street.

Sixteen blocks I chase them Down the street right into the jail house

That is so neat.

After sixteen years

Of totting a gun, Looks like the Sergeant

Would get me a machine gun. The Sergeant said, "Polish up your gun,

And get on the beat, If you don't I'll fire you From Sixteenth Street."

I rush right home like fighting mad,

To polish my gun and shine my badge,

Sixteen blocks I have to beat Right back down to dead man's street.

Blow your whistle And get on the street,

After sixteen years, You should know the beat.

After sixteen years Of chasing crooks,

My Sergeant and I decided To get a Cook.

After sixteen blocks Of this hard street,

Looks like the Sergeant Would give me his seat.

After I load the meat wagon With sixteen tons of muscles and guts,

I go right home And get in a rut.

After sixteen years of this beat,

Looks like an old fellow Could see a little peace.

After sixteen years of Toting cold steel,

If the right one don't get you, Then the left one will.

After sixteen years of cold feet, I'll retire at St. Peter's feet.

DO FALSE TEETH Rock, Slide or Slip?

FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, goosy, pasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Tax Stamps Reinstated

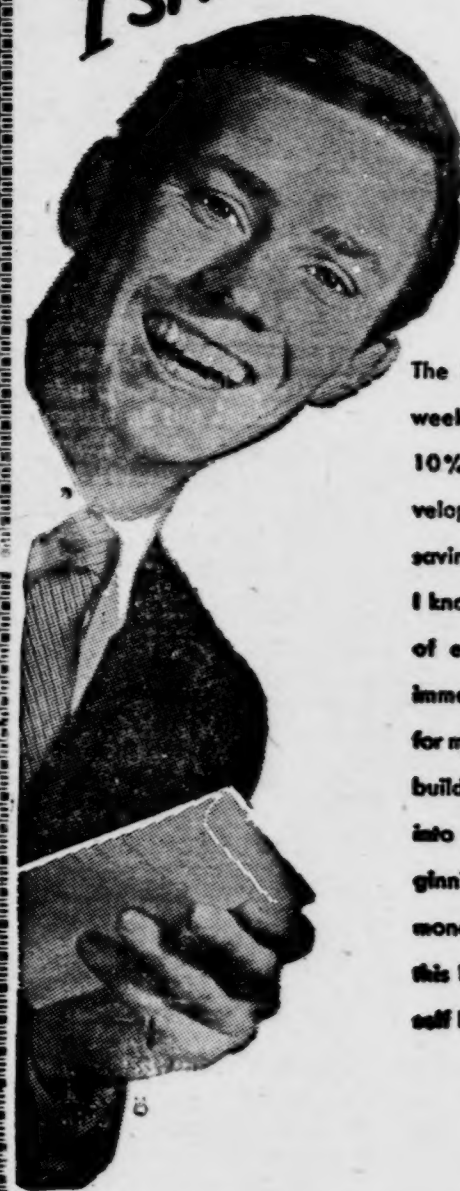

The State Department of Revenue reinstated the system of tax stamps to be fixed to every bottle of distilled spirits and wine in Kentucky and disbanded the recently ordered "reporting" system by distilleries to cover this tax liability.

Commissioner of Revenue

James E. Luckett ordered restoration of the system to "protect the State's revenue" and thus scrapped an order of his

Only qualification drawn by Keller was that the combined salaries from the two positions not exceed \$7,200 a year—the constitutional limit.

The first one I pay each week is myself! The first 10% out of every pay envelope goes right into my savings account. That way, I know that one dollar out of every ten I work for, immediately goes to work for me... earning interest, building up, week by week, into something that's beginning to look like real money. Why don't you get this habit of paying yourself FIRST?

New Arrival

Fort Meade, Md., Jan. 6 — Specialist Third Class Kelly W. Stamper, of Whitesburg, Ky., and wife, Dorothy E. Stamper, proudly announce the birth of an 8 pound-6 ounce boy, Kelly W., born at the U. S. Army hospital, Fort George G. Meade, Md. on January 4, 1956.

SP-3 Stamper, who is currently serving with the U. S. Army at Fort Meade, is a Court Recorder with Headquarters and Service Company, 19th Engineer Battalion. He entered the military service March 3, 1954. Before coming to Fort Meade, he attended the Construction Surveying School at Fort Belvoir, Va.

The Court Recorder graduated from Whitesburg High School in 1951 and attended

Lincoln Memorial University. Stamper and wife, Dorothy, are presently living at 1705 Hollins Street, Baltimore, Md.

REVIEW OF BUSINESS AND PROFESSIONAL WOMAN'S CLUB

Miss Betty Jo Little was hostess to the Business and Professional Woman's Christmas party at her home, Dec. 19. The home was beautifully decorated and a lovely setting for the program. Ellene Salyer told the beautiful story of the "Other Wise Man" followed by several Christmas selections by our trio, Ruth Rice, Patsy Fields and Rachel Moore. Games were played, gifts exchanged, and delicious refreshments were served. A basket was filled for a needy family.

The deadline for the Essay Contest was January 1, and we are very happy to announce Miss Anne Lewis, of Whitesburg High School as winner. Her Essay on "Why I'm Proud To Be A Kentuckian," was submitted to the District Director to be entered in the District Competition. We are very grateful for the fine cooperation we received in this Contest and thank each person who responded.

Ellene Salyer has been appointed a Charter Member of the Whitesburg Youth Council as the representative of the B.&P. W. Club.

MEETING OF WOMAN'S CIVIC CLUB OF JENKINS

Despite the snow and icy roads that prevailed Tuesday evening, January 10, twenty-one members of the Woman's Civic Club of Jenkins attended the first meeting of the New Year, many of whom walked rather than to risk driving downtown to the Library.

Mr. James Wine, attorney from Pikeville, who was scheduled to speak on the subject of "Consider Our Blessings of Freedom," was unable to attend due to the snow and hazardous road conditions. Mr. Wine is considered to be an excellent speaker, and members of the Club regretted that the weather was such that he could not meet with them.

Mr. C. D. Halbert, assistant safety director, Consolidation Coal Company, Jenkins, who graciously pinch-hitted for Mr. Wine, gave a short talk on Safety and showed a film on that subject, loaned by the Telephone company for use in safety programs.

Following Mr. Halbert's film presentation, Miss Clara Shaw, president, entertained the group by showing slides of the pictures taken at the Club Christmas party on December 20, when the children and staff of the Mountain Haven Children's home on Smooth Creek were entertained.

Miss Margaret Ann Narramore, student at Jenkins High School, sang "I Believe," which was greatly enjoyed by all present.

A highlight of the business meeting, presided over by Miss Shaw, was the decision to sponsor a "Youth of the Month" program, drawing from the local high school. The monthly winner will be presented a Certificate of Merit from the Civic Club, followed by a personality sketch submitted to the local newspapers for publication. The winner of such award will be judged not only by his scholastic record, citizenship, extra-curricular activities and such at school, but by his demeanor and attitude to his home and community at large. Each "Youth of the Month" will be selected jointly by the school faculty and the Student Council.

Miss Elsie Johnson was program chairman for the evening. Hostesses for the evening were Mrs. Louis Quick, Mrs. Henry Sewell, Mrs. D. A. Zegeer, Mrs. Stuart Adams, Mrs. William F. Wright and Mrs. Clarence Toliver.

Mrs. Audrey Baker was welcomed into the Club as a new member.

Kennie Crase in Hospital

Kennie Crase, son of Mr. and Mrs. Ted Crase of Roxana, is a patient in Good Samaritan Hospital, Lexington, where he recently underwent an operation on his leg. He was recently a patient in Crippled Children's Hospital.

Man works from sun to sun, but SAVINGS BONDS work for you 24 hours a day. Give them a chance to make your future more secure.

MISS WISE OF NEON, ANNOUNCES WEDDING DATE

The following invitation has been issued to the many friends of Frances Ann Wise and Mr. William Lowell Stratton:

Mr. and Mrs. Atta Wise request the honor of your presence at the marriage of their daughter, FRANCES ANN, to MR. WILLIAM LOWELL STRATTON

on Sunday, the Twelfth of February, Nineteen Hundred Fifty-Six at Two-thirty o'clock in the afternoon First Methodist Church Somerset, Kentucky

Whitesburg Rotary Club

NEXT MEETING — Tuesday, January 17.

SPEAKER — Virgil SUBJECT — Dr. Chas. B. Stacey of Pineville will tell us of his trip to Africa.

ABSENT — Albert. GUESTS — Francis McIntyre and Stella Pennington, students from Stuart Robinson School.

WELL! You see what it takes to bring up the attendance — (everybody there except the speaker's brother-in-law). By unanimous consent it is agreed that we had the second best program of 1956 Tuesday. Anyway the near perfect attendance was certainly appreciated. We still don't know whether the standing ovation was honoring Doc Lee for his flowery introduction or trying to get the speaker's goat. A fellow just hasn't a chance to get ahead anymore for someone always belittling.

We've certainly made an excellent start in 1956 toward bettering our attendance record. By all means let's make it a 100 percent next week to hear Dr. Stacey. We understand he is very good.

Newt's report on some of our attendance records didn't make too good listening. Just hope it will be better next time. Understand Pat has been visiting another club and passing himself off for Newt. Probably Jack should appoint a committee to investigate.

A good question for a Rotarian to ask himself: Would I travel 36 miles over the kind of roads we had today (like Lee, Jack, General and Pat did) to attend the meeting? If you can answer Yes to that question you are a good Rotarian.

The teacher wrote on the blackboard: "The horse and cow is in the stable."

"Now," she said to one little boy, "what is wrong with that sentence?"

"Well, miss, you should say, 'The cow and horse is in the stable.'"

"Why?"

"Ladies first."

On The Hill

By Phyllis Hall

The little things that we receive each day and hardly give one thought to. These are the things it has taken others a life time to achieve.

When Rev. Lingle of the Presbyterian Church spoke to the Juniors and Seniors, did the majority of the students give any thought to how many hours and why it was necessary for him to speak to us. A high school audience is the hardest to capture when you are on the stage. No singing and everyone goes stomping in and hollows for your buddy to come on before Mr. Collins or Mr. Moore tells you that you can't save seats. But when Mr. Lingle rises to speak everyone begins to listen. For many years he has studied and trained in ministry and his speech is prepared. To some these things may seem like the little things only because you hadn't thought about them.

It takes a little muscle, It takes a little grit, A little true ambition with A little bit of wit. It's now the biggest things that count, And make the biggest show; It's the little things that people do, That makes this old world go. A little bit of smiling, And a little sunny chat, A little bit of courage To a comrade slipping back, It takes a kindly action, And it takes a word of cheer To fill a life with sunshine, And to drive away tears

Great things are not the biggest things, That make the biggest show. It's the little things that people do, That make this old world go. Friday 13th was an unlucky day, even though many were glad school was dismissed—we're going to be sad when pretty sunny May days are here and we are making up days in a hot class room. Monday came quickly and the Seniors got a surprise. Aptitude tests and I won't miss this chance to tell the men who gave it that we got the general idea as to where they were from and we feel like we can match intelligence. It really was fun and we thank Uncle Sam for the 7.20 each it took for us to be able to take the test. They always come back later in the year and advise us in our life career.

A quote from the captain of the basketball team: "I haven't played a game in so long I don't know what it feels like. Because of the sleigh riding weather all games scheduled for last week were cancelled. But it didn't seem to hurt their playing ability. The Yellowjackets practiced with Hazard last night and won 73-49. Robert Meade was the Marquis Haynes of the game with 26 points.

Mr. Boggs has been absent from school because of the serious illness of his wife. We pray she will soon be well again.

Bye, —Phyllis Ann Hall

STAMPER'S STATEMENT . . .

(Continued From Page 1) ty or merely a political scheme. I want to assure you that every citizen of Letcher County regardless of politics will be treated fair as long as I hold the job, and I will try very hard to get full value for every dollar of your tax money we spend.

Mr. Watson Cornett will be the Rural Highway Foreman in the county and Mr. Cornett is well qualified since he has had several years of experience in the work. I feel like Watson has many friends who are glad to see him on the new job.

I think we have a fine crew of men who are ready to go out and do a good job for you. We are cutting out the red tape of having to see every politician in the county to get your road scraped and I want you to feel free to call on us when you need something done and if it is in our line of duty we will be only to glad to do it for you and if it is not in our line of duty we will be frank in telling you.

I want to ask the support of every good citizen when we come into your community to work and in this way I feel we can do more for you and show more improvement in your community by having your cooperation. We plan to keep every piece of machinery working every day if it is possible to do so.

County Judge James M. Caudill has assured us he will work with us for better roads in Letcher County and I hope we can do a good job for you and will certainly appreciate the cooperation of every good citizen in Letcher County.

Although I have accepted the position as State Highway Foreman I shall still retain my interest in Johnson Funeral Home and continue having my living quarters in the Funeral Home apartment as my wife will be an assistant in the office of the Funeral Home and our residence Number will be 2828. Please call me when I can assist you in any way.

Sincerely, —Hassel Stamper.
